Independent Auditor's Report

To the Members of
WMSI Securities, LLC

We have audited the accompanying statement of financial condition of WMSI Securities, LLC (the "Company") as of December 31, 2007. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of WMSI Securities, LLC as of December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

WMSI SECURITIES LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION December 31, 2007

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES:

WMSI Securities LLC (the "Company") is a limited liability company formed pursuant to the laws of the State of New Jersey. The Company is a registered broker-dealer with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is a wholly-owned subsidiary of Wealth Management Systems, Inc. (the "Parent").

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates by management. Actual results may differ from those estimates.

The Company facilitates the processing of rollover transactions from individual qualified retirement plan accounts to IRA Rollover Accounts. As consideration for the facilitation of such transactions, the Company is paid a transaction fee by the underlying broker-dealer of record.

These fees are either based upon the number of transactions processed or the value of the underlying assets transferred and are recorded when the rollover transaction is initiated.

No provision is made in the accompanying statement of financial condition for federal, state or local income taxes since such liabilities are the responsibility of the individual Members.

2. RELATED PARTY TRANSACTIONS:

The Parent's principal business is the development, implementation and maintenance of technology used by financial service companies to facilitate the direct rollover of funds from qualified retirement plan accounts to IRAs. The Parent develops software applications that provide an electronic interface between retirement plan record-keeping systems and IRA provider new account opening applications. This interface automates the IRA distribution process and facilitates real time opening of IRAs. The Company supports the activities of its Parent by introducing IRA products to qualified retirement plan sponsors and Third Party Retirement Plan Administrators that are customers of the Parent. The Company also provides related administrative services necessary to support those customers. The IRA providers pay a fee or commission to the Company based on the number and dollar amount of IRAs opened through the software provided by the Parent. This close interrelationship means that the Company is dependent on its Parent for provision of the products and services it supports and the Parent is committed to maintaining and capitalizing the Company as a component of its business model. In addition, the Parent provides office space and other administrative services to the Company at no cost. The accompanying financial statements might not necessarily be indicative of the Company's financial conditions or results of operations had the Company operated as an unaffiliated independent entity.

Pursuant to an agreement with the Parent, the Company reimbursed the Parent \$23,614 for its share of compensation, benefits and other professional fees for the year ended December 31, 2007. Due to affiliate in the amount of \$3,163 at December 31, 2007, represented amounts due to the Parent.

WMSI SECURITIES LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION December 31, 2007

3. **REGULATORY REQUIREMENTS:** As a registered broker-dealer and member of the NASD, the Company is subject to the Uniform Net Capital Rule 15c3-1 of the Securities and Exchange Commission, which requires the maintenance of minimum net capital of 6-2/3% of aggregate indebtedness, as defined, or \$5,000, whichever is greater. At December 31, 2007, the Company had a net capital of \$53,184, which exceeded the minimum requirement by \$48,184.

Independent Auditor's Supplementary Report on Internal Control

To the Members of
WMSI Securities, LLC

In planning and performing our audit of the financial statements of WMSI Securities, LLC (the "Company") a wholly owned subsidiary of Wealth Management Systems, Inc. as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness [or aggregate debits] and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- (1) Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
- (2) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Financial Industry Regulatory Authority and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker-dealers, and is not intended to be and should not be used by anyone other than these specified parties.
